Fairly easy to see notations but not as easy as Hal Leonard's song book's. Would like to see singing key to start song, especially on songs unfamiliar. A bit hard to flip pages on several songs with 4, 5 or 6 pages. Just keeping it real. Still a good value for true Eagle fans.1 of 1 people found the following review helpful. Big, bold print. Great music book.By Park Ave PrincessBig, bold print. Great easy music book to follow and has everything I need. My only gripe is the quality of the cover. It's just a cheap, flimsy card stock that tears easily. I'm

gonna cover it with clear self laminate to secure and preserve the book. Other than that, I love it. Great purchase.0 of 0 people found the following review helpful. Five StarsBy John RandolphIf you like the Eagles, you will love this book. Good price too.
