Sher is the best! By Frederick Nicholson Always looking for bargain books to help horn players get it right on the gig. Being a bass player leader is sometimes a challenge. Chuck Sher books are always on

point and keep the band honest. There is no better resource for the working band than his books. I hope to see the Standards real book transposed also one day.0 of 0 people found the following review helpful. Five StarsBy CustomerGood stuff

The new standard in jazz fake books since 1988. Endorsed by McCoy Tyner, Ron Carter, Dave Liebman, and many more. Evenly divided between standards, jazz classics and pop-fusion hits, this is the all-purpose book for jazz gigs, weddings, jam sessions, etc. Like all Sher Music fake books, it features composer-approved transcriptions, easy-to-read calligraphy, and many extras (sample bass lines, chord voicings, drum appendix, etc.) not found in conventional fake books.
