The New York Times : The New York Times Guide to Essential Knowledge, Second Edition: A Desk Reference for the Curious Mind before purchasing it in order to gage whether or not it would be worth my time, and all praised The New York Times Guide to Essential Knowledge, Second Edition: A Desk Reference for the Curious Mind:

0 of 0 people found the following review helpful. Great reference book! By Josef Erik This sucker is BIG! It's a nice, big book, and the quality of it is very nice. I have some really cook book ends and was in the market for reference books to use with it, and it looks fantastic on my desk in my office. As far as the subjects covered, what doesn't it cover? I plan on learning a lot, and I'm very happy I decided to get this. I don't see how someone could be disappointed with it, unless they were to receive a damaged copy. 0 of 0 people found the following review helpful. I

get lost in it!By Athena BKThis is the best book of general knowledge I have ever found! It's an entire encyclopedia set condensed into one book. Everything you need to know to win on Jeopardy.0 of 0 people found the following review helpful. Great!By NLGreat!

A Complete Revision and Thorough Updating of the Ultimate Reference from the Newspaper of RecordWhether you are researching the history of Western art, investigating an obscure medical test, following current environmental trends, studying Shakespeare, brushing up on your crossword and Sudoku skills, or simply looking for a deeper understanding of the world, this book is for you. An indispensable resource for every home, office, dorm room, and library, this new edition of *The New York Times Guide to Essential Knowledge* offers in-depth explorations of art, astronomy, biology, business, economics, the environment, film, geography, history, the Internet, literature, mathematics, music, mythology, philosophy, photography, sports, theater, film, and many other subjects. This one volume is designed to offer more information than any other book on the most important subjects, as well as provide easy-to-access data critical to everyday life. It is the only universal reference book to include authoritative and engaging essays from New York Times experts in almost every field of endeavor.

This widely expanded update to the original 2004 edition defines nearly every facet of contemporary life--from arts, grammar, mythology and culture to science, economics, and geopolitical issues. Though bearing an authority and informational wealth that might rival the voluminous *Oxford Dictionary of English*, this surprisingly manageable volume is organized alphabetically by subject and contains thousands of highly accessible essays, tables, and lists, all composed by New York Times field experts. It also includes an introduction by longtime "On Language" columnist and Pulitzer Prize winner William Safire. An essential background referenc for almost every subject: highly recommended for all public libraries. Library JournalI wish I'd had this book 25 years ago. It is certain to become an indispensable tool for fact fanatics. Bill Bryson, author of *A Short History of Nearly Everything*In short, this is the largest, most up-to-date and affordable one volume desk reference available today and is an absolute must for every home, dorm room and library. Tucson CitizenAbout the AuthorThe New York Times is a daily newspaper published in New York City and distributed internationally. Founded in 1851, the newspaper has won 95 Pulitzer Prizes, more than any other newspaper.
