Simple and complete, offering a comprehensive look at instruments and design.10 of 10 people found the following review helpful. A Good Reference Book for the beginner...By A CustomerThis book is a good reference for the beginner. It does have some older references, however, it provides important needed information to a beginner. I would not recommend this book for the advanced user. It is directed at beginners, and probably not professionals.

An encyclopedia of essential equipment, techniques, and concepts, in some 1,200 alphabetically arranged entries, with

extensive cross-referencing, and 350 drawings, diagrams, and charts. For both novice and experienced theatre technicians. Comb binding. Annotation copyright Book News, Inc. Portland,
